FRESHER · HEALTHIER · TASTIER

Energy Saving

Using high efficiency compressor to maintain temperature consistency results in energy saving.

Easy Clean

Effortless wipe and clean the inner chest freezer to prevent bad odours.

Fast Freeze

Freeze the fresh food quickly to lock its nutrients and freshness.

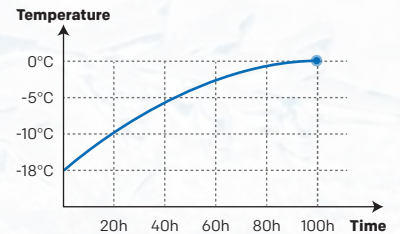

Safety Lock

High quality and easy to use lock to prevent children playing in the chest freezer and theft deterrent.

Consistent Temperature

Effectively and efficiently exchange heat between the inner wall and the D-type refrigerating tube results in faster and consistent cooling.

Temperature Retention

Worries about power outage. Temperature can be retained up to 100 hours without power.

Space Efficiency

Save your kitchen space without compromising the space in the chest freezer.

Easy Rolling Wheels

Effortlessly moving of the chest freezer with easy rolling wheels.

Interior LED Light

Bright and soft LED light for easy viewing of the frozen food in the chest freezer.

Storage Organization

Efficiently manage the frozen food with basket to locate your favourite item easily.

White PCM Inner

Elegant look with the benefits of corrosion resistant, scratch resistant, uneven surface resistant, and easy to defrost.

Anti-Slip Door Handle

Easier and safer to open the door with the Anti-Slip Door Handle, even with wet hands.

ALL in One

360° knob enables you to select a wide range of temperature zones to lock the nutrient & freshness of different type of food.
