Save Cost

Save Water

Save Electricity Bill

Save Time

Prolong Machine Life Span

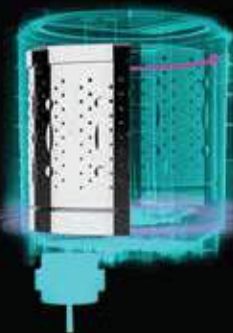

UV Light

The built-in UV light helps to eliminate nasty bacteria and virus on clothing, reduce the need for harsh chemicals, and improve the overall cleanliness and freshness of clothes.

Tub Clean

Keep the washing machine fresh and hygiene with Tub Clean option. Tub Clean spins the drum in high speed with high pressure water to eliminate residues from the tub.

Vortex Pulsator

The powerful Vortex pulsator generates a dynamic, multi-directional washing flow that minimizes tangles, twists and knots and thoroughly cleans clothes with its enhanced stain-fighting capabilities.

Tempered Glass Lid with Soft Closing

Tough tempered glass lid designed to withstand a great deal of pressure and strong against damages and scratches. The top lid closes gently to reduce potential risk of accidental finger pinching.

Pearl Drum

The exclusively designed Pearl drum creates an environment for the gentle washing of clothes by preventing fabrics from sticking out and consequently being damaged.

More efficient, and handles laundry more delicately

Wool Care

A program that specially designed to wash the wool fabric in slower speed spins and gentler action.

Magic Filter

Effectively gathers the lint, fluff and particles that come out of your laundry.

LED Drum Light

An illuminating LED drum light to help maximize tub visibility.

Wash Cycle Alert

Wash Cycle Alert ensures that the end of the washing machine cycle will not be missed.

Air Dry

Enjoy shorter drying time with the Air Dry function which the drum will spin in a high speed to wick away excess water from your clothes.

Time Delay

Going out for dinner? Going to bed soon? Time Delay option allows you to set the washing cycle finish time up to 24 hours.

Rat Guard

The bottom of the machine is guarded with an anti-rat cover to protect electrical wiring being damaged cause by rats.

22:00

08:00

Large Touch Panel

The large and clear LED screen gives an elegant look to your home. Effortlessly select your desired program and feature with touch control.

360° Water Flow

Provide deeper cleaning and additional care to the fabrics. Ensure every piece of fabric will be cleaned thoroughly.

Child Lock

A special-purpose lock to prevent children from accidentally changing the cycle setting. The drum will stop spinning immediately when the lid is opened to prevent accident.
