AI VOCAL REMOVAL TECHNOLOGY

This tech identifies human voices and removes them, leaving just the accompaniment. This can be applied on Youtube, Youtube Music Apps, Spotify and etc, as well as when connected to HDMI and USB.

PROFESSIONAL KARAOKE MODE

Press the karaoke button, then easily adjust various parameters such as tone, timbre, etc. Opening the Score Mode can also score the songs you sang.

QLED+

Using the new generation wide color gamut backlight and quantum dot structure, it brings a more authentic, healthier, environmentally friendly, and outstanding QLED.

Wide Color Gamut Backlight | Environment-friendly | New Generation QD-DP Structure

Chameleon Extreme

AI VISUAL REVOLUTION

Experience all movies and live sports transformed into higher resolution. AI-POWERED Chameleon PQ engine upgrades your content in detail.

AI Super Resolution
Intelligently restores lost textures and details in images. Seamlessly transforms low-resolution films into high-resolution masterpieces.

AI Super Contrast
Dynamically enrich image depth and definition, delivering striking visual experience in every scene.

AI Super Clarity
Automatically optimize clarity through algorithms, enhance image sharpness and detail, ensuring crystal-clear visual experiences.

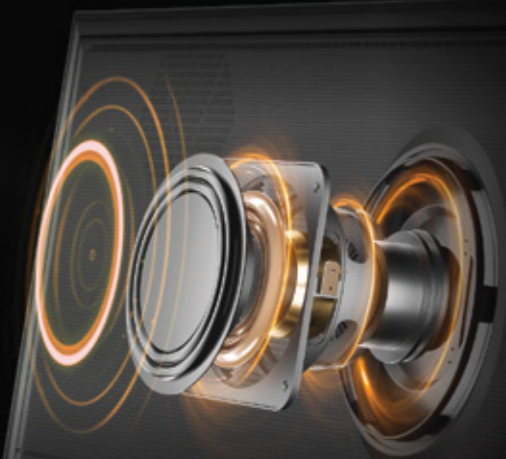

AI Super Color
Enriches and enhances color vibrancy, bringing images to life with stunning and true-to-life hues.

Audio Drum

POWERFUL BASS

Experience cinematic sound with our integrated concealed subwoofer. Designed to deliver deep, rich bass, its powerful motor drives frequencies down to an impressive 45 Hz. Superclean bass that fills the room with impact.

Karaoke Remote

IT'S A REMOTE CONTROL, ALSO A MICROPHONE

Pick up your remote control and just sing a song with it anytime. In addition, you can select songs through the voice control button on the remote control.

Full Range HDR

REAL VISION, REAL WORLD

Experience the pinnacle of visual excellence with comprehensive HDR support. From Dolby Vision to HDR10+, HDR10, and HLG, enjoy lifelike imagery across all content, with seamless SDR to HDR conversion enhancing every viewing moment.

Matte Screen Pro

NO GLARE, NO REFLECTION

Experience TV like never before with our revolutionary matte screen technology with no more glare, making the viewing experience pure and perfect!

Anti-Glare | Anti-Reflection | Contrast Enhancement | >178° Viewing Angle

Integrated Soundbar

HEAR EVERY DETAIL

Seven speakers, with four tweeters optimized for high-frequency performance. This wide frequency range reveals rich details in every sound, making it feel as if you were there in person.

2.1.2CH Sound System

THE SOUND OF NATURE

With two top & bottom firing speaker. And a dedicated bass unit, you can feel the immersive sound quality close to the nature.

7 TOTAL SPEAKERS | 50W TOTAL POWER | 180° LEFT & RIGHT SOUND FIELD

MEMC

FASTER, SMOOTHER, BETTER.

With built in MEMC, it can create smoother viewing experience, especially fast pacing content like sports, action movies and videogames.

120HZ TURBO MOTION

Leveraging the robust capabilities of the chip, the display achieves a 120Hz high refresh rate in 120Hz Turbo Motion technology. This ensures a seamless and clear viewing experience, eliminating concerns about ghosting and trailing when watching sports events.

Sport Mode

OPTIMIZED THRILLS, EVERY MATCH

Unlock the full potential of sports with Sport Mode. Enjoy optimized quality and seamless performance, ensuring you never miss a beat of the action.
