Sapphire Crystal Optics

Shiner, Brighter Like a Gem

Crafted with precious gemstone materials—pure, translucent, and refined—our Sapphire Crystal Chip delivers superior cooling efficiency and brings you a brighter, clearer, and more transparent visual experience.

Sapphire Crystal Chip Extra Large Lens

QD Solid Shield

Prolonged Viewing Without Stress

With exceptional stability, silicon dioxide effectively protects quantum dots from environmental factors, ensuring no fading even after years of extended use. Enjoy vivid colors and lasting performance.

Extreme Stable

10 Years non-fading

Vibrant Quantum Dot

Leading the Way in More Colorful Image

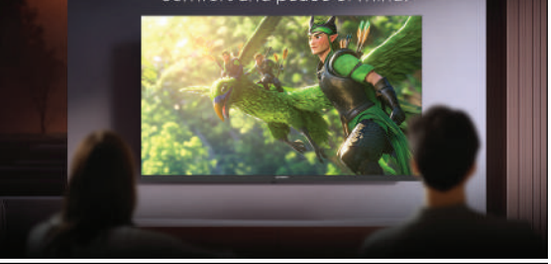
Quantum dot technology achieves up to 90% DCI-P3 color gamut coverage by emitting pure red, green, and blue light. This produces a wider color range with more vivid, lifelike, and high-purity color performance.

90% DCI-P3 High Purity

EYE CARE

Worry-Free Watching

At EYE CARE TV, your visual well-being comes first. Our technology ensures worry-free viewing for the entire family, so you can watch with comfort and peace of mind.



Low Blue Light

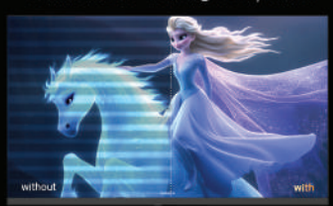
Eyes at Ease, No Fatigue

Switch on Low Blue Light Mode to reduce harmful blue light intensity. This enhances visual comfort and protects your eyes, allowing you to watch longer without strain.

Flicker Free

Smooth Vision, Relaxed Viewing

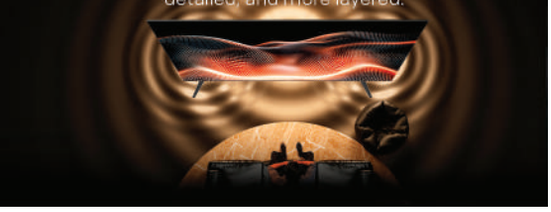
Invisible flicker can cause eye strain over time. Our optimized dimming technology ensures a flicker-free screen, giving you smooth, comfortable viewing every time.



Dolby Audio

Surround Yourself With Every Sound

Enjoy immersive cinema-quality sound at home. Dolby Audio supports up to 7.1-channel surround effects for movies, shows, music, and games—making every moment richer, more detailed, and more layered.



HDR 10 & HLG

Vivid Colors, Realistic Contrast

HDR 10 enhances your viewing experience with greater contrast, brightness, and a wider color range, creating more vibrant and lifelike images. With HLG support, you'll enjoy superior picture quality compared to SDR.

Multiple Screen cast

Bigger screen, Immersive experience

Seamlessly cast your phone, laptop, or tablet to the TV and enjoy movies, workouts, online classes, work, and more on the big screen. The process is fast, smooth, and effortless.
