QD-MINI LED

QD-MINI LED

Discover stunning visuals with QD-Mini LED technology. By combining the brilliant, vibrant colors of quantum dots with the precise light control of Mini-LED, it delivers an exceptional visual experience.

QLED+

Over A Billion Brilliant Colors

Using a new-generation wide color-gamut backlight and quantum-dot structure, it delivers more authentic, environmentally friendly, and outstanding QLED performance.

Wide Color Gamut Backlight | New Generation QD-Structure | Environmental Friendly

144Hz Native Panel

Your Gateway to Seamless Gaming

Whether you're gaming, streaming, or working, enjoy the fluidity and precision of every frame for unparalleled clarity and immersion.

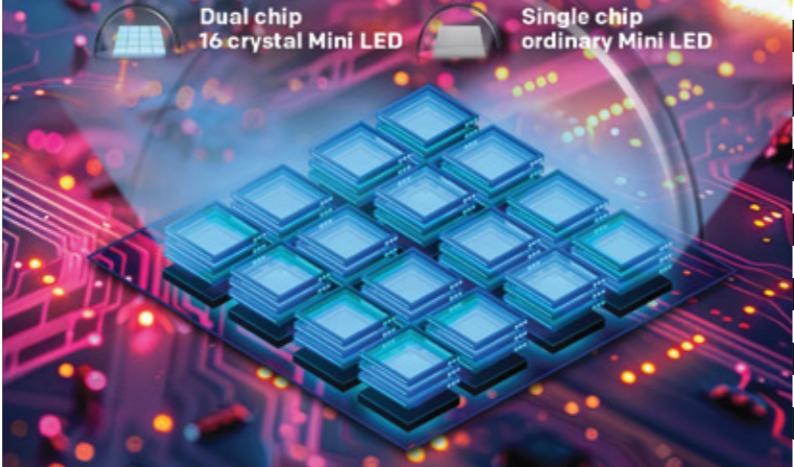

144Hz

16-Crystals Light-Emitting Chips

Advanced Lighting Experience

It effectively reduces visual fatigue and enhances viewing comfort by minimizing picture shake and drag, giving you a clearer and smoother viewing experience.

2.1.2CH Sound System

Hear The World Around You

Experience perfect hardware and software synergy for a home audio system that brings surround sound to life. Immerse yourself in the precise placement of every sound.

7 Total
Speakers

50W Total Power

180° Left & Right Sound Field

Integrated Soundbar

Hear Every Detail

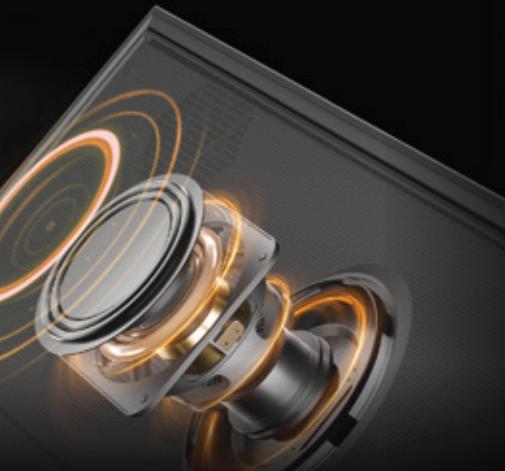

The seven-speaker system, including four dedicated tweeters for optimized high frequencies, produces a wide frequency range that reveals the rich details of every sound—just as if you were there in person.

Audio Drum

Room-filling Bass

Experience cinematic sound with our integrated concealed subwoofer. Designed to deliver deep, rich bass, its powerful motor drives frequencies down to an impressive 45 Hz. The result? Superclean bass that fills the room with impact. Boom!

Chameleon Extreme 3.0

A Visual Revolution

Experience movies and live sports, transformed into higher resolution. The AI-powered Chameleon PQ engine upgrades your content frame by frame.

Dolby Atmos

Treat Your Ears to a Feast

Dolby Atmos is a state-of-the-art sound technology that simulates the direction and depth of sound using advanced algorithms, making audio more realistic and immersive.

CYC CARE

Comfortable Viewing, Always

Engineered with flicker-free and low blue light features, our TV safeguards your eyes during extended viewing. Say goodbye to tired eyes and hello to uninterrupted visual enjoyment.

Low Blue Light

Flicker Free

Low Blue Light

Exclusive Low Blue Light technology reduces harmful blue light, ensuring a soothing visual experience for you.

Flicker Free

Say goodbye to screen flicker and enjoy films without distractions.
