UAP Air Purification

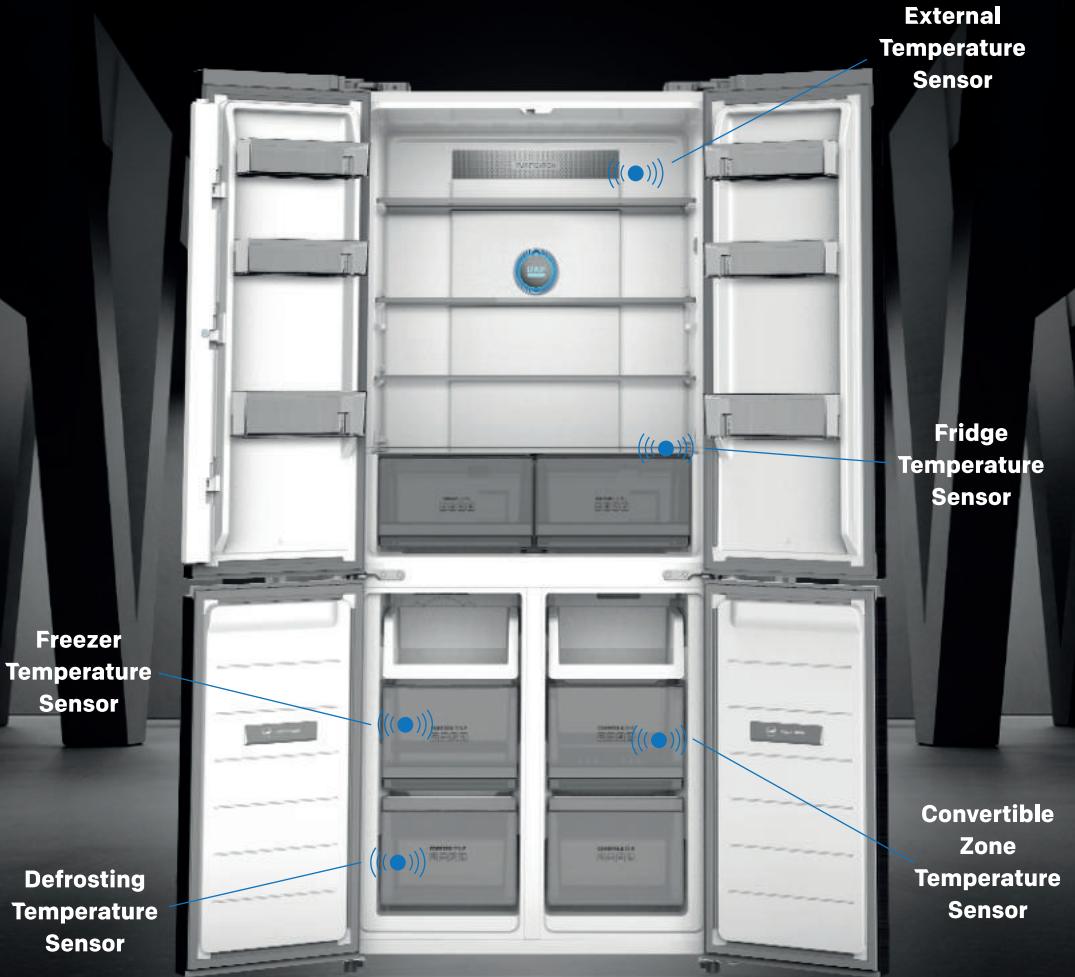

Taste Preservation with Sterilization & Photosynthesis Simulation.

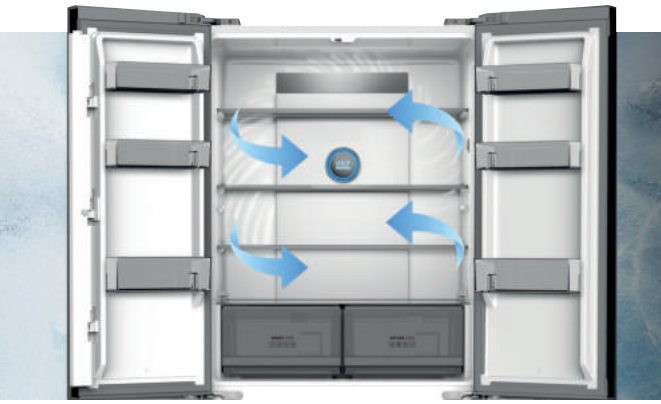

The UAP Air Purification System eliminates odors and bacteria, keeping your fridge fresh and hygienic. Using advanced technology, it neutralizes harmful substances and ensures a clean storage environment for your food.

Smart Sensor

Automatically adjusts settings for optimal cooling, saving energy and preserving freshness.

Multi Air Flow

Even Cooling, Long-Lasting Freshness.

The multi directional air - flow system assures the even circulation of the cold air throughout the entire compartment while the absence of frost guarantees the optimal preservation of food freshness by keeping the natural quality and nutrition of food intactly.

Total No Frost

No More Defrosting, Ever.

Total No Frost technology keeps your fridge completely frost-free, so you enjoy fresh food without the hassle of ice build-up.

Pure Freshness

Optimal Humidity for Fruits & Vegetables.

The dedicated humidity module ensures ideal moisture levels, preserving the freshness of fruits and vegetables longer.

Smart Control

Customizable Settings for Convenience.

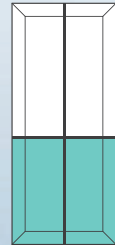

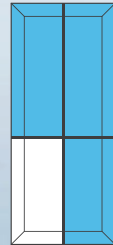

The intuitive control panel lets you easily adjust settings for optimal performance and effortless use.

Convertible Temp. Zone

Convert Between Freezing and Cooling.

The versatile temperature zone allows you to easily switch between freezing and cooling, providing flexible storage for a variety of needs.

-32°C Deep Freeze

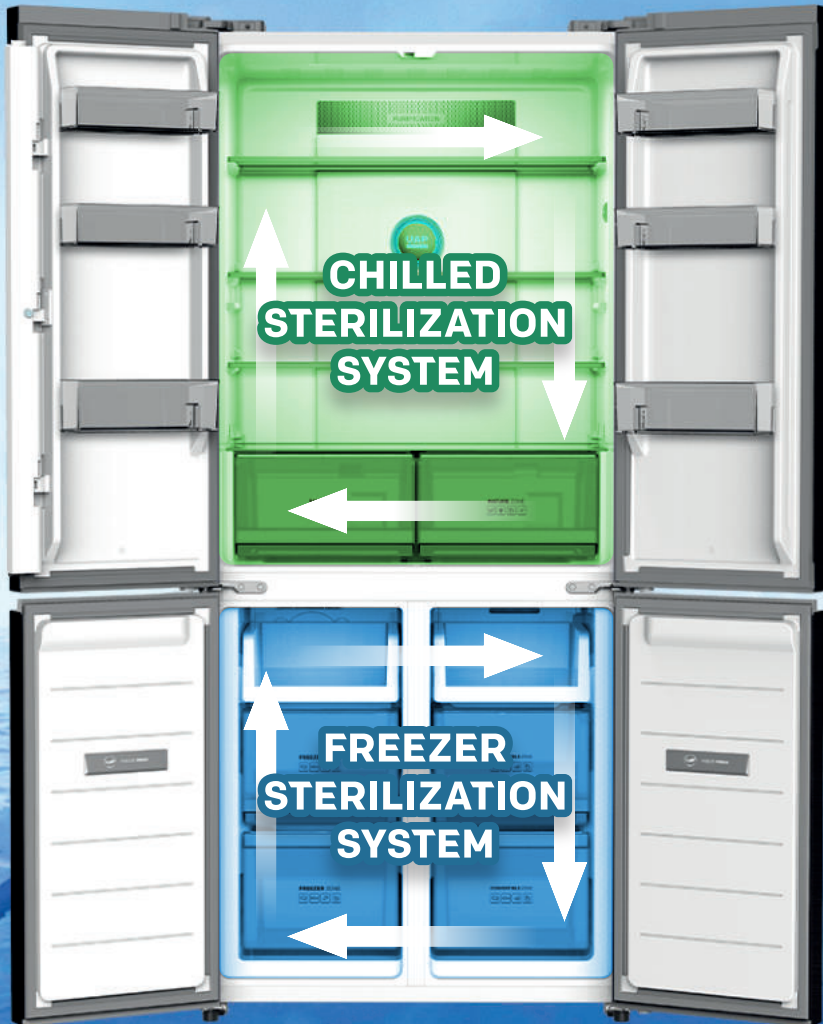

Preserving Freshness at Extreme

With a deep freezing capacity of -32°C, SRM-476WPE ensures that frozen items are preserved at their peak freshness, locking in nutrients and flavor. Ideal for long-term storage.

Fresh & Clean

Independent Sterilization for Hygiene

The independent sterilization system prevents bacteria buildup, maintaining a clean environment inside the fridge. It helps preserve the freshness of food, ensuring hygiene and safety without compromising on quality.

SKYWORTH Quality You Can Trust

At SKYWORTH, quality begins at the source. Every SKYWORTH refrigerator is manufactured in our own state-of-the-art facility in Nanjing, China. By owning and operating our factory, SKYWORTH maintains complete control over each stage of production, from component selection and precision assembly to rigorous testing and final quality assurance. This ensures every unit meets the high standards expected by households around the world.

Product Specification

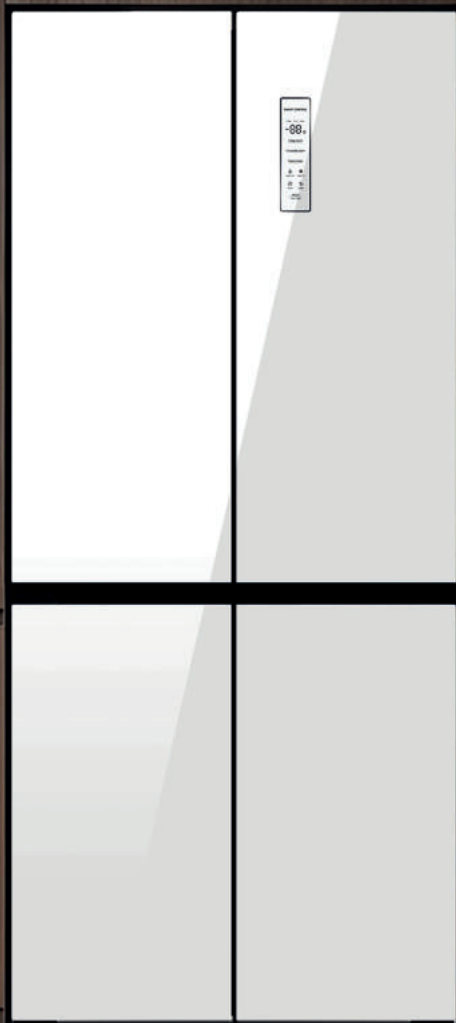

Model Name		SRM-476WPE
Type		4 Door Refrigerator
Power Supply		220V-240V/50Hz
Capacity	Gross Capacity (L)	600
	Net Capacity (L)	463
	Refrigerator Net Capacity (L)	315
	Freezer Net Capacity (L)	148
General Feature	Compressor & Fan	ProSilent Inverter
	Door Type	Glass
	Climate Class	T
	Cooling Type	Total No Frost
	Soft LED Light	Yes
	Adjustable Leg	Yes
	Handle	Recessed
	Color	Diamond White Dreamy Black
	Refrigerant	R600a
	Refrigerator Compartment	Shelf (No.)
Door Balcony (No.)		6
Crisper (No.)		2
Crisper Cover (No.)		1
Freezer Compartment	Drawer (No.)	4+2
Product Dimensions	Width*Depth*Height (mm)	835*600*1920
Packing Dimensions	Width*Depth*Height (mm)	888*652*1998
Weight	Net (kg)	79
	Gross (kg)	89
