eyeCARE 5.0

Worry-Free Watching

At EYE CARE TV, we put your visual well-being first. Our technology is designed to ensure worry-free viewing for every family, so you can enjoy entertainment with peace of mind. We're here to ensure every family's worry-free watching.

Low Blue Light

Eyes at Ease, No Fatigue

Activate Low Blue Light Mode to reduce harmful blue light intensity. This enhances visual comfort and provides better eye protection, allowing you to watch TV longer without strain.

Flicker Free

Smooth Vision, Relaxed Viewing

Say goodbye to invisible flicker that causes eye strain. Enjoy a flicker-free screen with optimized dimming technology for smooth, comfortable viewing every time.

HDR 10 & HLG

Vivid Colors, Realistic Contrast

HDR 10 brings greater contrast, brightness, and a wider range of colors, delivering more vibrant and lifelike images. With HLG support, you'll enjoy superior picture quality and a better visual experience compared to SDR.

With HDR 10

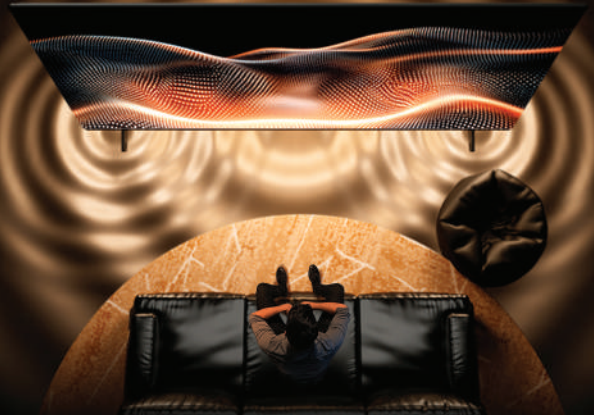

Without HDR 10

Dolby Audio

Surround Yourself With Every Sound

Transform your home into a cinematic experience. Dolby Audio supports up to 7.1-channel surround sound effects for movies, TV shows, music, and games—making every moment richer, more detailed, and more immersive.
