About SKYWORTH Group

A Chinese multinational corporation established in 1988 in Shenzhen. SKYWORTH design, manufacture and sell televisions, smart electrical appliances, and home appliances. SKYWORTH Group has been among the top 100 Chinese electronics companies and listed in Fortune China 500 for years.

SKYWORTH Electric Co. Ltd. was established in 2013, which specialized in the R&D, manufacturing and marketing of home appliances such as refrigerator, chest freezer, and washing machine. It is the third largest industrial company in SKYWORTH Group, with annual turnover of nearly 5 billion RMB.

Adhered to technology leadership & quality, SKYWORTH owns a refrigerator and a washing machine R&D center with 331 patents obtained. With multiple years of development, SKYWORTH has won several awards such as National Hi-Tech Enterprise, National Recognized CNAS & SGS Laboratories, and Top 10 Washing Machine Export Enterprises in China.

SKYWORTH is committed to develop friendly usage, safety priority, and efficient products to create consistently great customer experience.

Unique Features

Nano Ag+ Filter

Effectively reduce bacteria and odours in the refrigerator to ensure the freshness of foods.

Bacteria and odours ► Nano Ag+ Filter ► Fresh Food

ProFresh Room

A special dedicated room with 3 temperature available to keep the freshness of the food at its finest.

0°C

Prolong the freshness of fruits and vegetables.

4°C

The ideal temperature for keeping breast milk.

-3°C

Soft frozen for meat, no need to defrost the meat

Metal Cool Technology

Maintain the freshness of the vegetables and fruits with Metal Cool Technology that overlaid with a high quality stainless steel at the rear wall of the fridge to ensure cool air is distributed evenly from the inside out.

ACE Dynamic Power Engine

Kill virus, bacteria, keep vegetables fresh, and remove bad and harmful odour more than 99%.

UV Room

Photosynthetic Light and UV technology simulate the natural sunlight to keep the food ingredients inside the refrigerator last longer in freshness. As a photocatalyst, titanium dioxide can effectively degrade toxic and harmful gases in the air under the ultraviolet light and visible light. It also has the functions of deodorizing, anti-pollution, and purifying air.

Environmentally friendly and non-toxic

Antibacterial deodorant

Long term use

Duo Clear LED Light

Easy to locate even the smallest items at the corner, in both **fridge** and **freezer**.

ProSilent Inverter Technology

Equipped with an Inverter compressor and an Inverter fan, the fridge will be operating in ultra-silent mode and energy saving with ECO Care refrigerant. It is designed to improve the longevity of the refrigerator with automatic precise temperature control.

Features

Multi AirFlow

A stream of cool air flows through a series of vents located on every shelf level to create an evenly cooled environment. This helps to maintain an ideal temperature to keep the food fresh.

Total No Frost

Prevents ice and moist to build up in both the fridge and freezer to retain the food quality.

FlexiFloor

Spill proof glass shelves withstand heavy items and easy clean up. FlexiFloor can be adjustable to accommodate large or small items according to your needs and keep your items organized.

Fresh Room

Protects your greens and anything else that can lose moisture quickly. Store ethylene-sensitive fruits and vegetables, like broccoli, cauliflower, citrus, cucumbers, eggplant, lettuces, raspberries, squash, strawberries, and sweet potatoes longer and fresher.

BigStore

Keep big bottles and large containers cold and chill in the spacious and convenient BigStore area.

Clear LED Light

Easy to locate even the smallest items at the corner.

Sleek Design

Modern and elegant design with recessed door handle enhance the good looks of the kitchen.

FlexiTwist Ice Maker

Effortless twist to enjoy a full tray of ice cubes for your drinks. Easily remove to create more storage space in the freezer.

Smart LED Light

Easy to locate even the smallest items at the corner.

Electronic Smart Control

Sensing the temperature and maintaining it at a pre-defined point. Achieve precise and consistent refrigerator temperatures thanks to Electronic Smart Controls which provide easy adjustments.

Smart Mode : Adjust the temperature automatically according to the ambient temperature and temperature inside the refrigerator, saving you time and bill.

Holiday Mode : The fridge and freezer compartment will adjust to suitable temperature automatically, prevent from wasting energy when you're away from home for more than a day or two.

Quick Cooling Mode : Enable fridge temperature to reach the lowest quickly. Recommended to use when a lot of food put in the fridge at once.

Quick Freeze Mode : To freeze the food in a short time to preserve the flavour and freshness of the food.

Rat Guard

The back of the refrigerator is guarded with an anti-rat cover to protect electrical wiring being damaged cause by rats.

Anti Scratch Glass Door

Tough scratch and dent resistant. Stylish and glossy sheen design that fit any kitchen concept.

MoistFresh Room

A dedicated private room with adjustable humidity level control to prolong the freshness of fruits & vegetables.
